Ladies & Gentlemen:

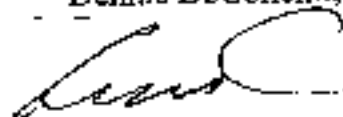

In response to your letters referenced above, the Committee asserts that administrative expenses have been nil as all of the record keeping and reporting is done by volunteers. There is no cost for rent, utilities, salaries or any other kind of overhead.

With respect to the second part of your letter regarding the July, 2000, report, we are transmitting herewith corrected Schedule B with the appropriate detail showing that the funds disbursed were in fact for General election purposes and incorrectly identified as Primary contributions.

If there is anything further the Commission may need please do not hesitate to contact us.

Sincerely,

Dennis DeConcini, Treasurer
